La Academia de Esperanza (LADE) provides a full continuum of services for special education students. The services and setting for the services are determined by the student's IEP team.

A full array of services can be provided at LADE. The most frequent ancillary services provided are school social work and speech-language therapy services. We also contract for occupational therapy and education evaluation services. Services are provided at the frequency specified by the IEP team, in the designated setting.

All students are served in the Least Restrictive Environment.

LADE does not provide transportation as an ancillary service.
